SOL	Sol Speedi Dri 50lb (bag)	\$15.84	\$14.35	\$13.79

**Floor-Dry™** brand diatomaceous earth (DE) absorbent is highly purified and kiln-fired for superior absorbent qualities. The unique structure of the diatomite provides Floor-Dry brand DE greater pore space. Because of this, pound for pound it absorbs more liquid than any other mineral on the market today. In fact, Floor-Dry absorbs twice as much liquid as calcined clay.

- Use Less Material. Saves Time and Money
- Lightweight Bag Reduces Back Strain
- Quickly Absorbs Spills
- Promotes Safety by Reducing Slip Hazards
- NSF Certified

**Sol-Speedi Dri**

Protect against slipping and fire hazards with Sol-Speedi-Dri absorbent.

**Absorption** – Sol Speedi Dri soaks up all traces of oil and grease, reducing injury.

**Traction** – Hard granules maintain anti-slip properties and resist breakdown under heavy traffic.

**Coverage** – Low volume weight provides greater floor coverage per pound for maximum economy.

**Dust Free** – Contributes to good plant housekeeping. Sol-Speedi-Dri is the most dust free mineral absorbent today.

**Easy to Apply** – Lay a carpet of Sol-Speedi-Dri over oil and grease deposits, brush back and forth with stiff broom, leave for a day or two, then remove. Repeat if necessary.

The unique lanolin based formula of protection first class gives long lasting protection from rust and corrosion by covering the metal with a clear wax film that will not wash off, collect dust or dry out like other silicone and solvent based products. Protects from moisture, salt and corrosion. Will also work as a penetrating oil to penetrate metal and free rusted nuts, bolts and parts.
