Our Values

Brenntag's success is founded on our company's unwavering commitment to our core values. All of our business activities and our relationships with our business partners are defined by the six values which set us apart from our competitors and help us deliver the best performance possible to our partners.

- ✓ Safety First
- ✓ Leadership & Accountability
- ✓ Employee Involvement & Ownership
- ✓ Commitment to Excellence
- ✓ Integrity & Responsibility
- ✓ Value Creation for Partners

At Brenntag, safety always comes first. Striving for zero accidents and incidents worldwide, we aim to set industry standards for safety measures. Brenntag employees are encouraged to be leaders in their respective roles who take accountability for their work and decisions. Our employees take ownership of their work, and as such bring a high level of engagement and involvement to their business relationships.

We are committed to excellence in every aspect of our business to remain on top. To that end, we conduct all matters with the utmost degree of integrity and responsibility. We strive to create the highest possible value for our partners, regardless of the task at hand.
